Did you know that the **voice** is the oldest instrument in the world?

A group of singers is called a **choir**. To sing well in a choir, you need to train your voice and practise singing with others.

An adult choir is often divided into 4 different parts. Sometimes, these parts will split into even more parts when the music is very complex!

## **SOPRANO**

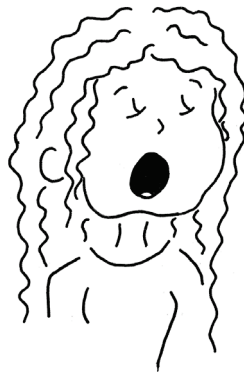

the highest female voice part

**Children** can sing the range of a Soprano part.  
This is called a **Treble Voice**.

## **ALTO**

the lowest female voice part

## **TENOR**

the highest male voice part

## **BASS**

the lowest male voice part

## **The Choir**
